

SHOWA S-TEX ALPHA XC821

The S-TEX Alpha XC821 is the ultimate work glove, combining high-level cut protection with superb dexterity and durability. Its foundation is an 18-gauge seamless knit liner, woven with incredibly strong tungsten cut resistant yarn, which achieves an outstanding F cut resistance rating without sacrificing flexibility. To enhance lifespan and protection, a 3/4 nitrile dip covers the knuckles, providing targeted resistance against abrasions and wear in high-impact areas.

BENEFITS

- Cut-resistant
- Flexible
- Breathable
- Seamless knit
- Form-fitting

FEATURES

- Form-fitting shape
- Abrasion resistant
- Increased dexterity
