

SHOWA 610

Fully coated PVC and an extra PVC coating over the entire hand seals ensure this chemical protection glove protects the hand and wrist against chemical hazards. The impermeable coating is ideal for working in damp or greasy environments and added rough surface texture helps with gripping objects securely. A soft cotton liner wicks away moisture, and the seamless liner reduces irritation over long periods of wear.

BENEFITS

- · Seamless knit
- Flexible
- Chemical-resistant
- Impermeable
- Increased dexterity
- Water-resistant
- Durable
- Robust grip
- Forearm protection

FEATURES

- Scalloped edge
- Cotton liner
- Full PVC coating, extra coating over entire hand
- Ergonomic
- Rough finish

USER INSTRUCTIONS

Gloves provide protection from chemical and mechanical hazards shown. Do not use gloves that show signs of wear. If required, cleanse outer surface of glove with running water. Discard used gloves in compliance with local regulations. Do not wear gloves when there is a risk of entanglement by moving parts of machines.

DISCLAIMER
