

# **SHOWA 7570**

Ideal for highly sensitive skin, the 7570 accelerator-free singleuse glove is also free of powder, latex, and silicone. Constructed with 240mm long and 0.10mm thick 100% nitrile in high-visibility green, the 7570 provides high protection performance against penetration and projection of chemicals. To aid comfort, the disposable glove is chlorinated to reduce tackiness and give a second-skin feel. A textured finish on the fingertips enhances grip and tactility.

#### **BENEFITS**

- Disposable
- Latex-free
- Chemical-resistant
- Water-resistant
- Increased sensitivity
- Durable
- Increased visibility

# FEATURES

- 100% Nitrile
- Accelerator-free
- Silicone-free
- Chlorinated
- Fluorescent
- Powder-free
