SHOWA 7565 EBT

Consisting of 0.15mm thick, 295mm long 100% black nitrile, the 7565 antistatic disposable glove protects against chemical penetration and projection. To reduce risk of allergies and aid comfort, the 7565 is free of latex, silicone, plasticisers and powder. The single-use glove is chlorinated to enhance comfort and reduce tackiness within the glove. An added textured finish increased grip without reducing fingertip sensitivity.

BENEFITS

- Disposable
- Latex-free
- Chemical-resistant
- Water-resistant
- Increased sensitivity
- Lightweight

INDUSTRIES

- Aerospace
- V
- Food
- Mechanical
- Mining

FEATURES

- 100% Nitrile
- Silicone-free
- Chlorinated
- Powder-free
- Antistatic

HAZARDS

- Single Use
- Chemical
