

SHOWA AX200

The new SHOWA AX200 has an 18-gauge seamless knit, with nylon static dissipative yarn. It is free of natural rubber latex and is touchscreen compatible, silicone-free and fingerprint-free. Certified under the standard **EN 16350**, the AX200 by SHOWA meets the requirements for electrostatic properties (ESD). This certification ensures the glove's safe usage in ATEX zones (working area with risk of explosion and/or high flammability).

BENEFITS

- Durable
- Robust grip
- Breathable
- Form-fitting
- Latex-free
- Lightweight
- Silicone Free

FEATURES

- Nylon
- Seamless knit

USER INSTRUCTIONS

Gloves provide protection from chemical and mechanical hazards shown. Do not use gloves that show signs of wear. If required, cleanse outer surface of glove with running water. Discard used gloves in compliance with local regulations. Do not wear gloves when there is a risk of entanglement by moving parts of machines.

DISCLAIMER

The descriptions, characteristics, applications and photos are given for information purposes and do not constitute a contractual commitment. The manufacturer reserves the right to make any modifications it deems necessary.
