

SHOWA RECYCLED MFT PRO GP381E

The SHOWA RECYCLED MFT PRO GP381E is an eco-conscious, general-purpose work glove designed for high-dexterity tasks. It features a 13-gauge seamless knit liner made from 80% recycled material, which contributes to a 71.0g CO₂ saving per pair. By utilizing MicroFiber Technology (MFT PRO) and a microporous foam nitrile palm coating with an embossed S-shape grip, the glove offers a combination of enhanced gripping power and moisture-wicking breathability.

BENEFITS

- Unique inner grip
- Enhanced gripping power
- Ultra-lightweight
- Liner with MFT PRO for maximum breathability
- Moisture-wicking
