

## SHOWA 8005PF EBT

The SHOWA 8005PF is designed for jobs requiring increased protection without compromising on comfort and tactility. A rolled cuff prevents dirt from entering the glove and allows for easy removal of the glove in case of puncture. The 8005PF is ambidextrous and uses second-skin feel to significantly reduce hand fatigue over long periods of wear. By using SHOWA's Eco Best Technology®, the 8005PF's are completely eco-friendly, breaking down by 82% in just 386 days when tested in a laboratory.
