

SHOWA 76

The SHOWA 76 thermal insulated gloves remain flexible even in sub-zero temperatures. Featuring a reinforced safety cuff and full PVC coating, this durable glove provides good abrasion and chemical resistance. A rough surface finish delivers optimal grip in both wet and dry conditions. The soft cotton jersey liner and foam insulation keep hands comfortable, warm, and dry.

BENEFITS

- Cold protection
- Flexible
- Abrasion-resistant
- Chemical-resistant
- Robust grip

USER INSTRUCTIONS

Gloves provide protection from chemical and mechanical hazards shown. Do not use gloves that show signs of wear. If required, cleanse outer surface of glove with running water. Discard used gloves in compliance with local regulations. Do not wear gloves when there is a risk of entanglement by moving parts of machines.

DISCLAIMER

The descriptions, characteristics, applications and photos are given for information purposes and do not constitute a contractual commitment. The manufacturer reserves the right to make any modifications it deems necessary.
