

SHOWA 4000P

This economical alternative to leather gloves uses a nitrile palm coating to provide superior abrasion, oil, and grease resistance. Designed for a range of applications, the 4000P general purpose glove is durable and comfortable. A two-piece interlock knit lining is flexible, reduces irritation, and ensures comfort during long periods of wear.

BENEFITS

- Easy donning and doffing
- Leather alternative
- Abrasion-resistant
- Durable
- Robust grip
- Oil-resistant
- Flexible
- Breathable

FEATURES

- Elasticated wrist cuff
- Nitrile palm coating

USER INSTRUCTIONS

Gloves provide protection from chemical and mechanical hazards shown. Do not use gloves that show signs of wear. If required, cleanse outer surface of glove with running water. Discard used gloves in compliance with local regulations. Do not wear gloves when there is a risk of entanglement by moving parts of machines.

DISCLAIMER

The descriptions, characteristics, applications and photos are given for information purposes and do not constitute a contractual commitment. The manufacturer reserves the right to make any modifications it deems necessary.
