

SHOWA NM15FL

For enhanced wearer protection the NM15FL chemical protection glove features an extended gauntlet and helps channel away hazardous chemicals from the gloves' surface. Using an ergonomic design, the NM15FL reduces hand fatigue to ensure comfort during long periods of wear. A flocked lining reduces perspiration and comfort within the glove. The embossed finish provides a vice-like wet and dry grip for optimum precision.

BENEFITS

- Flexible
- Durable
- Chemical-resistant

FEATURES

- Ergonomic
- 100% Nitrile
- Unsupported
- Embossed grip
- Flocked

USER INSTRUCTIONS

Gloves provide protection from chemical and mechanical hazards shown. Do not use gloves that show signs of wear. If required, cleanse outer surface of glove with running water. Discard used gloves in compliance with local regulations. Do not wear gloves when there is a risk of entanglement by moving parts of machines.

DISCLAIMER

The descriptions, characteristics, applications and photos are given for information purposes and do not constitute a contractual commitment. The manufacturer reserves the right to make any modifications it deems necessary.
