

SHOWA 1005

These thin gloves are outstandingly strong without compromising on finger sensitivity or tactile precision. By using a lightly powdered lining, these disposable gloves absorb minor perspiration to increase grip and comfort over long periods of wear. The light powdering also allows for easy donning and doffing of the PPE.

BENEFITS

- Increased dexterity
- Form-fitting
- Flexible
- Disposable
- Easy donning and doffing

FEATURES

- 100% natural rubber latex
- Rolled Cuff
- Lightly powdered
- Thin palm material
- Thin finger thickness

USER INSTRUCTIONS

Gloves provide protection from chemical and mechanical hazards shown. Do not use gloves that show signs of wear. If required, cleanse outer surface of glove with running water. Discard used gloves in compliance with local regulations. Do not wear gloves when there is a risk of entanglement by moving parts of machines.

DISCLAIMER

The descriptions, characteristics, applications and photos are given for information purposes and do not constitute a contractual commitment. The manufacturer reserves the right to make any modifications it deems necessary.
