

SHOWA 5122

Multi-dipped in premium-grade neoprene, the 5122 highly durable glove offers protection from a range of substances including oil, chemicals, acids, and solvents. The exterior coating also provides incredible wet-grip and protects against physical hazards such as cuts or abrasion. A soft liner is kind to the skin whilst absorbing perspiration for long term comfort and tactile precision.

USER INSTRUCTIONS

Gloves provide protection from chemical and mechanical hazards shown. Do not use gloves that show signs of wear. If required, cleanse outer surface of glove with running water. Discard used gloves in compliance with local regulations. Do not wear gloves when there is a risk of entanglement by moving parts of machines.

DISCLAIMER

The descriptions, characteristics, applications and photos are given for information purposes and do not constitute a contractual commitment. The manufacturer reserves the right to make any modifications it deems necessary.
