

SHOWA 8113

The SHOWA 8113 highly cut-resistant glove protects the wearer while prioritizing comfort and dexterity. Thermax® lined knit with AlphaSan® ensures unmatched stretch and thermal warmth. The glove is breathable and lightweight to prevent overheating or sweating within the glove. And for added convenience, the 8113 is machine washable and ambidextrous.

USER INSTRUCTIONS

Gloves provide protection from chemical and mechanical hazards shown. Do not use gloves that show signs of wear. If required, cleanse outer surface of glove with running water. Discard used gloves in compliance with local regulations. Do not wear gloves when there is a risk of entanglement by moving parts of machines.

DISCLAIMER

The descriptions, characteristics, applications and photos are given for information purposes and do not constitute a contractual commitment. The manufacturer reserves the right to make any modifications it deems necessary.
