

SHOWA 709

Built to provide good chemical-resistance, SHOWA 709 gloves offer everyday performance and protection. Featuring a bisque grip and increased tactile sensitivity, this glove is ideal for a wide range of industrial applications. The natural rubber coating is puncture and tear-resistant to prevent water from entering the glove.

BENEFITS

- Forearm protection
- Increased sensitivity
- Chemical-resistant

USER INSTRUCTIONS

Gloves provide protection from chemical and mechanical hazards shown. Do not use gloves that show signs of wear. If required, cleanse outer surface of glove with running water. Discard used gloves in compliance with local regulations. Do not wear gloves when there is a risk of entanglement by moving parts of machines.

DISCLAIMER

The descriptions, characteristics, applications and photos are given for information purposes and do not constitute a contractual commitment. The manufacturer reserves the right to make any modifications it deems necessary.
