

# **SHOWA TEMRES® 282**

Waterproof yet breathable, these multi-purpose gloves use thermal insulation and our state-of-the-art TEMRES® technology to keep hands warm, dry, and well-protected in cold climates for optimal comfort and performance. Enhanced surface grip on the fingertips allows a high level of tactile precision when working with wet objects or small components. The glove's seamless knit and thin fleece liner keep hands irritation-free when worn for long periods of time. The 282 remains flexible down to -50°C.
