

SHOWA 240

The SHOWA 240 flame-resistant gloves are perfect for TIG and light MIG welding. With Level 2 Arc flash defense, hands are protected from flames, flashes, and sparks, to avoid burns to the hands. These gloves are also cut-resistant, irritation-free, and have a rough surface grip for excellent comfort when working for long periods of time.

BENEFITS

- Flame-resistant
- Extra Grip
- Skin-friendly
- Cut-resistant
- Flexible
- Increased dexterity
- Seamless knit
- Burn protection

FEATURES

- Liner made with Kevlar®
- Sponge neoprene palm coating

- Glass Fiber
- Kevlar
- Modacrylic
- Seamless knit

USER INSTRUCTIONS

Gloves provide protection from chemical and mechanical hazards shown. Do not use gloves that show signs of wear. If required, cleanse outer surface of glove with running water. Discard used gloves in compliance with local regulations. Do not wear gloves when there is a risk of entanglement by moving parts of machines.

DISCLAIMER

The descriptions, characteristics, applications and photos are given for information purposes and do not constitute a contractual commitment. The manufacturer reserves the right to make any modifications it deems necessary.
