

SHOWA 6780R

When working in hot and cold environments, our 6780R chemical-resistant gloves use a soft cotton liner to maintain hand temperature and absorb perspiration for optimum comfort and control. A rugged neoprene coating protects against acids, chemicals, and caustics, while the added rough grip ensures precision even when operating in wet or greasy environments.

BENEFITS

- Chemical-resistant
- Cut-resistant
- Abrasion-resistant
- Acid-resistant
- Oil-resistant
- Water-resistant
- Soft liner
- · Extra Grip

USER INSTRUCTIONS

Gloves provide protection from chemical and mechanical hazards shown. Do not use gloves that show signs of wear. If required, cleanse outer surface of glove with running water. Discard used gloves in compliance with local regulations. Do not wear gloves when there is a risk of entanglement by moving parts of machines.
