

# **SHOWA 707HVO**

The 707HVO biodegradable gloves are a more environmentally-conscious choice, breaking down by 82% in just 386 days when tested in a laboratory. This eco-friendly alternative to single-use gloves doesn't mean compromising on functionality. The 707HVO are highly tactile and fit like a second skin, all while protecting against grease, chemicals, and abrasions. With complete EU Standard, FDA, and Food Contact Compliance, these gloves are ideal for use when working in laboratories or food preparation zones.

#### **BENEFITS**

- Biodegradable
- Form-fitting
- Abrasion-resistant
- Oil-resistant
- Hydrocarbon-resistant
- · Increased visibility
- Water-resistant
- Chemical-resistant
- Easy donning and doffing

#### **FEATURES**

- Fluorescent
- Lightweight
- Rolled Cuff
- Chlorinated
- Eco Best Technology® (EBT)
- Unlined
- Unsupported

# **USER INSTRUCTIONS**

Gloves provide protection from chemical and mechanical hazards shown. Do not use gloves that show signs of wear. If required, cleanse outer surface of glove with running water. Discard used gloves in compliance with local regulations. Do not wear gloves when there is a risk of entanglement by moving parts of machines.
