# PERFORMANCE BY DESIGN

A FIRST-OF-ITS KIND  
IN MICROFIBER  
TECHNOLOGY

ULTRA-LIGHTWEIGHT

MAXIMUM BREATHABILITY

MOISTURE-WICKING

ENHANCED GRIP

The **MFT PRO series** features four polymer options with first-of-its-kind microfiber technology, providing unique benefits that keep comfort and utility at the core.

## SHOWA MFT PRO 264

Features a durable and abrasion-resistant polyurethane palm coating, ideal for extended wear in harsh environments.

## SHOWA MFT PRO 344

Features a textured natural rubber palm that enhances gripping power, making it perfect for tasks that require control in wet or oily conditions.

## SHOWA MFT PRO 374

Features a flat nitrile palm coating, designed to resist wear and tear while keeping hands safe from harsh conditions.

## SHOWA MFT PRO 381

Embossed microporous coating provides an excellent oil-resistant grip, making it ideal for oily or greasy environments.

**GET MORE THAN A GLOVE.**
